Become a Tiger Nation / Booster Club Member and ***more of your dollars*** will go directly to student extracurricular activities as well as support our new 2016 – 2017 initiatives!

Tiger Nation and the School District have modified their mission and scope to mutually benefit the students in our rapidly growing district! (The school now oversees all corporate partnerships. The school district will also sell activity passes to make it convenient to purchase these passes at the two middle schools, district office and the high school office. Tiger Nation is debt free!) This allows Tiger Nation to make a significantly greater impact on your student's extracurricular activities. In addition, foundation dollars will go towards our annual initiatives.
